

FARHAN KHOLID

Graphic Designer • UI/UX Designer

+62 813-8833-7828 | farhankholid20@gmail.com | Jakarta, Indonesia | tinyurl.com/portofoliofarhan2026

Summary

Graphic Designer with 4+ years of experience in visual communication, brand identity, and digital content creation. Proven track record of delivering cohesive design outputs across print, digital, and event media — from campaign visuals and editorial layouts to brand guidelines and promotional materials. Strong command of industry-standard tools including Adobe Photoshop, Illustrator, and Figma. Additional proficiency in UI/UX design strengthens the ability to produce assets that are both visually compelling and functionally grounded.

Work Experience

PT Farhan Surya Indah | Graphic & UI Designer

2021 – 2023

- Designed and produced digital visual assets for marketing campaigns — including social media graphics, promotional banners, and brand collateral — while maintaining strict brand consistency.
- Developed comprehensive brand style guidelines and design system documentation to ensure visual coherence across all product and marketing touchpoints.
- Created web and mobile interface designs for a booking platform, applying strong visual hierarchy and user-centric layout principles.
- Collaborated with marketing and development teams to deliver design assets efficiently from concept to production-ready output.

Organizational Experience

CITEUP 2025 | Head of Creative Department

2025

- Led the end-to-end creative direction for a large-scale campus event under the concept 'Node of Connection', overseeing all visual and branding decisions.
- Managed the full design workflow from initial concept development to final execution of visual assets across all media formats.
- Directed and supervised production of promotional videos, event branding materials, and multi-platform digital marketing campaigns.
- Coordinated a creative team of designers, ensuring consistent visual language and on-time delivery across all deliverables.

CITEUP 2024 | Creative Media Staff

2024

- Designed promotional assets including event posters, social media graphics, and campaign visuals that drove audience engagement.
- Produced layout designs for the official event guidebook and sponsorship proposal deck.
- Contributed to maintaining a consistent visual identity throughout the event's design materials.

Education

- Computer Science at Pertamina University
- 2023 - Present
